Amazon Customer Review – 3,659 people found this review helpful

“Hillenbrands book paints a clear picture of the hellish conditions that the POW's endured and the utter madness of the war that was being waged in the Pacific. This is a hard story to read but one that is well worth it.”

–Liat2768, Vine Customer Review of Free Product

Amazon Customer Review - 99 people found this review helpful

"Exceptionally well written. The plot is intelligent, with depth and order, while also providing the reader with plenty of twists ... some novels leave me thinking they would be great for TV or film. This was definitely one of them."
— P. Mortimer
